

OUR SERVICES

We design, manufacture, supply and install:

- Custom Kitchens
- Cabinetry
- Built-in Cupboards
- Granite, Marble & Quartz Countertops
- Solid Surface Worktops
- Vanities
- Storage Solutions

OUR PROCESS

STEP 1: CONSULTATION

Our experienced designers visit your space to understand your needs, preferences and the specifics of the area.

STEP 2: VIRTUAL 3D DESIGN

Using advanced 3D design technology we create a visual of your project, allowing you to see the final result in your space with your materials, finishes and layout.

STEP 3: MANUFACTURING

Our state-of-the-art factory, where precision machinery turn raw materials into your custom solution—carefully crafted to meet the highest quality standards.

STEP 4: INSTALLATION

Our skilled installers fit your kitchen with care and efficiency. After a final walkthrough and quality check, your new space is ready to enjoy.

ABOUT US

OUR MISSION

To become the leading residential kitchen specialist by offering exceptional service, superior quality and innovative designs. We strive to provide homeowners with stylish and functional kitchens that enhance daily living and add value to their homes.

WHAT SETS US APART

Bespoke Designs: Each kitchen is uniquely tailored to fit individual tastes and requirements.

Superior Craftsmanship: We use high-quality materials and cutting-edge technology for precise workmanship.

End-to-End Service: From design consultation to installation, we ensure a hassle-free experience.

Customer-Centric Approach: We prioritise client satisfaction, delivering kitchens that combine aesthetics, practicality and longevity.

OUR FACILITIES

McGeer Kitchens operates with state-of-the-art facilities and a dedicated installation team to ensure the highest level of quality and service. Our network allows us to service residential projects efficiently and effectively.

OUR EXPERIENCE

114 COLERAINE DRIVE TOWNHOUSES

Project Scope: 11 Upscale Units
